Decision

We, the Discipline Committee as appointed by the CLA, find that Jed Sigfusson is not guilty of not Adhering to the Discipline that was previously handed down by the CLA.

Reason

We, the Discipline Committee feel that the Jed Sigfusson fully understood his parameters of his suspension set forth last year. We also felt that it was the not Jed's fault with the information that was attached to the Port Moody Website, but the webmaster. Lastly, in regards with Jed helping out the Junior Girls program, which falls under Port Moody's Minor Program, Jed is not in violation of his suspension.

Recommendations

That Jed Sigfusson completes the suspension that was handed down by the Appeals Committee in May 2010 with no further actions.

Chair, CLA Discipline Committee
