

Ross Victory Cup Discipline Hearing
Feb 23/2010

Chair of Discipline Committee – Brent McCauley
Discipline Committee – Deb Stocks & Shawn Williams
Guest – Jim Burke – Convenor of 2009 Ross/Victory Cup
Absent – BCLA Representative or Lander Pioneers Representative

Meeting started with review of the documents provided. These documents were the Convenor's Action Report dated December 22/2009 and the Request for Additional Discipline report dated December 31/2009. Jim was then available for any questions of the Discipline Committee. Jim stated that what was in question was the number of requests for a doctor's note, which was not adhered to. The medical condition of Ross Frehlick was never in question.

I, Brent McCauley, then advised the Committee that I was in conversation with Ross Frehlick on Feb 23rd at 8:00 pm EST.

I had asked Ross if there was anything that he wanted to add to the meeting. He advised me that if he was medical able to travel that he would have attend the Ross/Victory Cup. But due to doctors not allowing him to travel, he was not able to attend. He also advised me that if needed, he would be able to prove cancellation of Air Miles.

Jim was then thanked for his time, and left the conference call.

Both Deb & Shawn stated that the issue was not the medical condition of Ross, but the refusal / tardiness in sending the requested information. The information was finally received

through the BCLA on Feb 18th 2010, more than 4 months after the initial request.

After reviewing all of the information presented, it has been determined that the Lander Pioneers / BCLA will be fined \$300. The Discipline Committee is also requesting that this fine be paid by March 23/2010, unless appealed.

Regards

Brent McCauley
Chair of Discipline Committee
