Re: Box Lacrosse Net Requirements for 2012

---

It has been brought to my attention that some clarification around box lacrosse net requirements for the 2012 lacrosse season is needed.

As per CLA technical bulletin 09-03, effective January 1, 2012 all Box lacrosse nets will need to be purchased from Canadian Lacrosse Association (CLA) approved manufacturers who have met the net specification standards as approved by CLA Board of Directors.

The CLA Equipment Review Committee has developed testing procedures and protocols based on the CLA Board approved net specifications. The net diagrams for each size are attached to this memo.

The current approved net manufacturers are STX/NAMI (Trevor Jackson, 1-877-438-6264, [tjackson@northernamerex.ca](mailto:tjackson@northernamerex.ca)), Warrior (Jason Ryan, [jason.ryan@warrior.com](mailto:jason.ryan@warrior.com), 905-366-6067) and Riley (Sean Riley, [sean@rileymfg.com](mailto:sean@rileymfg.com), 519-539-4830 x 225).

Approval is open to all manufacturers and those wishing to become CLA approved net manufacturers should contact the CLA office at:
